Combined NSW Catchment Management Authorities

Annual Report 2003/04

Volume 1: CMA Activities and Achievements
4 November 2004

The Honourable Craig Knowles  
Minister for Infrastructure and Planning and Minister for Natural Resources  
Level 33 Governor Macquarie Tower  
1 Farrer Place SYDNEY NSW 2000

Dear Minister,

We have great pleasure in presenting the Annual Report for the combined NSW Catchment Management Authorities (CMAs). This Report covers the period from when the Catchment Management Authorities were formally established on 23 January 2004 to the end of that financial year, 30 June 2004.

This combined report has been prepared in accordance with section 17 of the Catchment Management Authorities Act 2003, and the Annual Reports (Statutory Bodies) Act 1984 and Annual Reports (Statutory Bodies) Regulation 2000, for submission to Parliament.

Discussions during October 2004, with the Audit Office of NSW concerning the accounting treatment of monies received and expended under the National Action Plan for Water Quality and Salinity (NAP) and Natural Heritage Trust (NHT) programs, delayed the issue of, ultimately, an unqualified independent audit report. This in turn delayed the finalisation and submission of this Report.

Volume One of the report details the activities and achievements and Volume Two details the relevant statutory and financial information for each of the Authorities.

Yours sincerely,

James Croft - Chairperson, Border Rivers-Gwydir CMA  
Meryl Dillon - Member, Border Rivers-Gwydir CMA

Tom Gavel - Chairperson, Central West CMA  
Michael Sutherland - Member, Central West CMA

John Klem - Chairperson, Hawkesbury-Nepean CMA  
Angus Gibson - Member, Hawkesbury-Nepean CMA

WEJ Paradise - Chairperson, Hunter-Central Rivers CMA  
Neil Rose - Member, Hunter-Central Rivers CMA

Robert Gledhill - Chairperson, Lachlan CMA  
Mary Goodacre - Member, Lachlan CMA

Mark King - Chairperson, Lower Murray Darling CMA  
Leigh Watmuff - Member, Lower Murray Darling CMA
Kelvin Baxter - Chairperson, Murray CMA

Lee O'Brien - Chairperson, Murrumbidgee CMA

Jim McDonald - Chairperson, Namoi CMA

Judy Henderson - Chairperson, Northern Rivers CMA

Pam Green - Chairperson, Southern Rivers CMA

Bob Junor - Coordinator, Sydney Metropolitan CMA

Rory Treweke - Chairperson, Western CMA

Brian Sharp - Member, Murray CMA

Mike Schultz - Member, Murrumbidgee CMA

George Paul - Member, Namoi CMA

Julie Woodroffe - Member, Northern Rivers CMA

Michael Muston - Member, Southern Rivers CMA

Philip Sansom - Member, Sydney Metropolitan CMA

Max Hams - Member, Western CMA

Local Establishment Team

Local Establishment Team
ABOUT THIS DOCUMENT

In October 2003 the NSW Premier announced the NSW natural resource management reform package based primarily on the recommendations of the Native Vegetation Reform Implementation Group. A key component of the reform package was the establishment of thirteen Catchment Management Authorities (CMAs) within NSW. These Authorities were formally established on 23 January 2004 with the introduction of the Catchment Management Authorities Act 2003.

In accordance with section 17(2) of the Catchment Management Authorities Act 2003, this document is a combined Annual Report for the NSW Catchment Management Authorities. For the purposes of this document Sydney Metropolitan CMA Local Establishment Team refers to the interim CMA Board established under the Catchment Management Authorities (Savings and Transitional) Regulation 2004.

2003/04 Combined NSW Catchment Management Authorities Annual Report
Volume 1: CMA Activities and Achievements

Establishing Catchment Management Authorities

The NSW Government established thirteen Catchment Management Authorities (CMAs) across the state as part of broad Natural Resource Management reforms. This new approach to Natural Resource Management resulted from recommendations in October 2003 by the Native Vegetation Reform Implementation Group (NVRIG) chaired by the Right Honourable Ian Sinclair AC.

NVRIG was formed to identify the ways to improve the management of native vegetation in NSW. NVRIG considered the environmental, economic and social impact of current and previous land management policies and regulations. It then recommended a comprehensive suite of reforms to ensure a viable and sustainable State for current and future generations. The NSW Government welcomed the NVRIG report and used the recommendations as a basis for sweeping Natural Resource Management reform in NSW.

The Authorities are established under the *Catchment Management Authorities Act 2003*, which came into force on 23 January 2004. CMAs cover the following areas of state:

- Border Rivers-Gwydir
- Central West
- Hawkesbury-Nepean
- Hunter-Central Rivers
- Lachlan
- Lower Murray Darling
- Murray
- Murrumbidgee
- Namoi
- Northern Rivers
- Southern Rivers
- Sydney Metropolitan
- Western

The areas of operation of these CMAs are illustrated in Figure 1.

CMAs are statutory authorities, with responsible and accountable Boards that report directly to the Minister for Infrastructure and Planning and Minister for Natural Resources. Each CMA Board consists of a Chairperson and up to six Board Members with all appointments being skill and merit based.

While CMAs are a new initiative of the NSW Government to manage natural resources they build on work previously undertaken by the Catchment Management Boards (CMBs) and Regional Vegetation Committees. They will also integrate the Catchment Blueprints developed by the CMBs and endorsed by the NSW and Commonwealth Governments, into their Catchment Action Plans.
The Role of Catchment Management Authorities

Catchment Management Authorities were established to engage regional communities in the key Natural Resource Management issues facing their catchments. They are the primary vehicle for the delivery of incentive programs funded by both the State and Commonwealth Governments to achieve restoration and improvements in the natural resources of the State.

The specific functions of CMAs as described in section 15 of the *Catchment Management Authorities Act 2003* are:

- to develop catchment action plans and to give effect to any such approved plans through annual implementation programs;
- to provide loans, grants, subsidies or other financial assistance for the purposes of the catchment activities it is authorised to fund;
- to enter contracts or do any work for the purposes of the catchment activities it is authorised to carry out;
- to assist landholders to further the objectives of its catchment action plan (including providing information about native vegetation);
- to provide educational and training courses and materials in connection with Natural Resource Management; and
- to exercise any other function relating to Natural Resource Management as is prescribed by the regulations.

More broadly the responsibilities of the CMAs can be described as:

**Plans:**

- integration of existing catchment, water, native vegetation and other Natural Resource Management plans into a Catchment Action Plans (CAP); and
- manage community involvement in preparation of water sharing and groundwater plans.

**On ground works:**

- on-ground works – e.g. river rehabilitation, native vegetation management, salinity programs and projects; and
- Section 10 projects (*Soil Conservation Act 1938*).

**Community education and support:**

- provision of advice and support to stakeholders and community;
- Aboriginal consultation on CAPs, natural resource programs and investment strategies;
- provision of community education and capacity building; and
- technical advice on vegetation management, soil and land management, riparian management and other natural resource management issues.

**Investment:**

- implementation of CAPs;
- development of investment strategies; and
- native vegetation management fund;
- approved National Action Plan for Salinity and Water Quality (NAP) and Natural Heritage Trust 2 (NHT2) programs;
- Section 10 programs (*Soil Conservation Act 1938*); and
- delivery of incentives through Property Vegetation Plans (PVPs) and other mechanisms.

**Property Vegetation Plans/vegetation consent:**

- certify PVPs for establishing continuing uses and delivery of incentive payments; and
- assessment of all vegetation consents under the *Native Vegetation Act 2003* including PVPs for land clearing consents.

The CMA’s corporate support services (including financial management, human resources, accommodation, legal services, information technology and fleet management) will be provided by the Department of Infrastructure, Planning and Natural Resources (DIPNR) under a service level agreement.
CMA Contacts

Provided below are the contact details for the principal office of each CMA:

BORDER RIVERS-GWYDIR CMA
7023 Gwydir Highway
INVERELL
Tel: 02 6721 9810
Web: www.brg.cma.nsw.gov.au
Hours: 8.30am to 4.30pm
Monday to Friday

CENTRAL WEST CMA
141 Percy Street
WELLINGTON
Tel: 02 6840 7800
Web: www.cw.cma.nsw.gov.au
Hours: 8:30am to 4:30pm
Monday to Friday

HAWKESBURY-NEPEAN CMA
159 Auburn Street
GOULBURN
Tel: 02 4828 6747
Web: www.hn.cma.nsw.gov.au
Hours: 9:00am to 5:00pm
Monday to Friday

HUNTER-CENTRAL RIVERS CMA
816 Tocal Road
PATERSON
Tel: 02 4930 1030
Web: www.hcr.cma.nsw.gov.au
Hours: 9:00am to 5:00pm
Monday to Friday

Hours: 9:00am to 5:00pm
Monday to Friday
CMA Management and Structure

A Central CMA Establishment Team (CET) was established at state level to contribute valued experience, knowledge and counsel to the establishment of a CMA. The CET was involved with each of the individual Local CMA Establishment Teams (LETs) to:

- support the LETs in engaging the community and local government with the establishment of a CMA,
- analyse, negotiate and develop solutions to issues that may be encountered during the establishment of the CMAs, and
- provide advice to the Minister for Infrastructure and Planning and Minister for Natural Resources on the progress of CMA establishment.

A LET was appointed to each CMA area during the transitional period following the enactment of the *Catchment Management Authorities Act 2003*. The LETs were formed to:

- lay the foundation for the CMAs to become operational,
- undertake consultation with key stakeholders and the catchment community,
- solve problems associated with the establishment of the CMAs,
- continue the coordination and management of approved on-ground program, and
- commence preparation of CAPs and investment strategies.

A Coordinator, who was generally the Chair(s) of the former CMB(s) directed the LETs, until the CMA Chairperson was appointed. The LET members then continued to support the CMA Chairperson until CMA Board members were appointed.

Each CMA consists of between five and seven Board Members (including the Chairperson). The CMA Boards were appointed under the *Catchment Management Authorities (Savings and Transitional) Regulation 2004*, initially these were the LETs and then once appointed, the quorum of CMA Board members.

The qualifications of CMA and LET members for each CMA are outlined in the following pages.
JAMES CROFT
CMA Chairperson (13/02/2004 to 13/02/2007)
(attended 0/1 CMA meeting)
LET Co-Coordinator (23/01/2004 to 13/02/2004)
(attended 4/4 LET meetings)
James is a Landholder at Uralla with a keen interest in improved Natural Resource Management both as a practitioner and on a regional scale.
James was appointed to the North West Catchment Management Committee in 1996 serving on State and Regional Assessment Panels and the Gwydir Catchment Planning Committee. James has also served as a member of the Inverell/Yallaroi Regional Vegetation Committee and Chair of the Gwydir Regulated River Management Committee, Gwydir Unregulated River Management Committee and Gwydir Groundwater Management Committee prior to being appointed as Chair of the Gwydir Catchment Management Board.
James was appointed as Co-Coordinator of the Border Rivers-Gwydir CMA Local Establishment Team and subsequently was appointed Chair of the Border Rivers-Gwydir Catchment Management Authority.

Committees:
Property Vegetation Planning Developer Steering Group
Catchment Action Plan Guidelines Committee
State Groundwater Adjustment Committee

BOB CROUCH
CMA Member (05/05/2004 to 05/11/2005)
(attended 1/1 CMA meeting)
Bob has a Bachelor of Science in Agriculture degree, a Masters of Science in Agriculture and a PhD in Science. Bob’s career developed in the NSW Soil Conservation Service, where he was a Research Soil Conservationist and at the time of his leaving the Service he was Director of Research and Technology.
Bob has worked as a consultant with Commonwealth Departments in Canberra primarily on Natural Resource Management issues. He also has extensive experience in finding for Natural Resource Management issues at both State and Commonwealth levels. Bob is now a Landholder at Bundarra running a grazing property with sheep, cattle and goats and also consults on Natural Resource Management.

MERYL DILLON
CMA Member (05/05/2004 to 05/11/2005)
(attended 1/1 CMA meeting)
LET Member (23/01/2004 to 05/05/2004)
(attended 4/4 LET meetings)
Meryl has over 25 years mixed farming experience in the ‘Watercourse’ area, west of Moree. She is an elected member on Moree Plains Shire Council and current Chair of the New England North West Regional Development Board.
Meryl has previous experience on various boards including: the former New England Area Health Service (Member), the Diploma in Company Directorship, the Gwydir Catchment Management Board (Member) and the Border Rivers-Gwydir CMA Establishment Team.
She has a long time association with water management issues and was a former member of the Gwydir Watersharing Committee, the Border Rivers Groundwater and Unregulated Watersharing Committee and the Moree Regional Vegetation Committee.
Meryl has an ongoing concern for sustainable regional communities through participation in local government and regional management committees.

MAL PETERS
CMA Member (05/05/2004 to 05/11/2005)
(attended 1/1 CMA meeting)
Mal runs in partnership with his wife Anne a fine wool and beef enterprise on 10,000 acres near Ashford in Northern NSW.
Mal is passionate about protecting farmer’s rights so they can continue to contribute to the nation’s wealth without Government interference. He is also a staunch defender of the rural way of life and stemming the decline of population into metropolitan centres.

Committees:
NSW Farmers Association (President)
NSW Farmers Industrial Association (Chairman)
National Farmers Federation (Director)
Rural Assistance Authority (Director)
Australian Farm Institute (Director)

MICHELLE WARD
CMA Member (05/05/2004 to 05/11/2005)
(attended 1/1 CMA meeting)
Michelle has a degree in Agricultural Economics from University of Sydney and was recently a scholarship recipient in the inaugural Murray Darling Basin Leadership Program 2002/03.
Michelle’s experience relates specifically to water reform and natural resource management issues since 2000, working as CEO with Macquarie River Food and Fibre, and most recently in her own natural resource consulting business. During this time Michelle has been heavily involved in the planning and implementation of Water Sharing Plans and other natural resource plans in NSW.
Prior to 2000, Michelle was a Natural Resource Economist with Hassall & Associates Consultants and has also worked for AUSaid in China in this capacity. Michelle’s clients during this time included Government agencies, Landcare Steering Committees and private and industry clients.
Along with her consulting business and involvement in regional catchment management issues, Michelle is also actively involved with her husband in their mixed farming and irrigation business at Bonshaw on the NSW / QLD border.
KAREN HINDMARSH  
LET Co-Coordinator (23/01/2004 to 13/02/2004)  
LET Member (14/02/2004 to 05/05/2004)  
(attended 4/4 LET meetings)  
Karen is a Landholder at Glen Innes with a  
background of service in Local Government,  
Landcare and Natural Resource Management. Karen  
has served as a member of the North West  
Catchment Management Committee, the Border  
Rivers Catchment Management Board (Chair) and the  
Border Rivers Unregulated River Management  
Committee (Chair).  
Karen has also served as a member of the Murray-  
Darling Basin Community Advisory Committee and as  
a member for Regional and State Assessment Panels.

BARRY JOHNSTON  
LET Member (23/01/2004 to 05/05/2004)  
(attended 3/4 LET meetings)  
Barry served on the Gwydir Catchment Management  
Board representing Local Government and assisted  
with the development of the Gwydir Catchment  
Blueprint. As Mayor of Inverell Shire Council he  
contributed a Local Government perspective to the  
Border Rivers - Gwydir CMA Local Establishment  
Team.

WAL WHALLEY  
LET Member (23/01/2004 to 05/05/2004)  
(attended 3/4 LET meetings)  
Wal has served as an Associate Professor of Botany  
at the University of New England and has a keen  
interest in native vegetation and rangeland  
management. Wal served as Chair of the Moree  
Regional Vegetation Committee and his expertise is  
widely respected and acknowledged. Due to his  
experience in natural resource management Wal was  
appointed a member of the Border Rivers - Gwydir  
CMA Local Establishment Team.  
Wal is now an Honorary Fellow of Botany at the  
University of New England and is the Editor of the  
Rangelands Journal.

Qualifications of Senior Officers:  
There were no senior officers appointed to the Border  
Rivers-Gwydir CMA as at 30 June 2004.
TOM GAVEL
CMA Chairperson (10/03/2004 to 10/03/2007) (attended 4/4 CMA meeting)

Tom is well known in the Central West and is committed to community involvement in sustainable natural resource management. Tom owns and manages a farming property at Molong and is the CEO of Mid Macquarie Landcare. Tom also represented the Central West community on the NSW Landcare Working Group.

Tom has extensive involvement in natural resource management boards and committees including the Salt Action Community Reference Group, the Regional Assessment Panel for Funding, the Central West Catchment Management Committee and subcommittees and the Pastures Protection Board.

Tom’s vision is for community involvement in the management of the catchment for future generations. Tom is particularly interested in engaging the whole community including landholders, the younger generation and also the urban community.

Tom will provide leadership to the CMA Board and will work on behalf of the catchment community in managing natural resources.

REG KIDD
CMA Member (05/05/2004 to 05/11/2005) (attended 3/4 CMA meeting)

Reg is from Orange and is a farmer, agricultural consultant, councillor and conservationist who has been involved in natural resource management for many years. Reg has a degree in Agriculture and a Graduate Diploma in Education, which has enabled him to combine natural resource management and education in both his work, and in representing local government and the community.

Reg has been involved in a number of natural resource committees within the Central West and across the state. These have included the Central West Salinity Alliance of 32 Councils, NSW Landcare Working Group and NSW State Catchment Management Coordinating Committee.

Reg was a member of the Central West Catchment Management Board, which developed the Catchment Blueprint and has a vast knowledge of the natural resource issues within the Central West catchment.

ROB MCCUTCHEON
CMA Member (05/05/2004 to 05/11/2005) (attended 4/4 CMA meetings)
LET Member (23/01/2004 to 05/05/2004) (attended 2/2 LET meeting)

Rob is a landholder in the Trangie area and runs a mixed farming enterprise involving the irrigation of cotton and dryland crops of wheat, canola, oats and lucerne as well as grazing sheep and cattle. Rob has promoted ties with the local Aboriginal community and has a cultural heritage site on his property.

Rob has a vast experience in natural resource management being the foundation chair of Macquarie 2100 and Macquarie Valley Landcare and the past Chair of Macquarie Cotton Growers Association.

Rob was a member of the Central West Catchment Management Board which developed the Catchment Blueprint and more recently, Rob was a member of the Local Establishment Team (LET) involved in the establishment of the Central West Catchment Management Authority.

Rob is keen to build a natural resource team that recognises and promotes positive natural resource outcomes and which addresses natural resource issues within the catchment. This will be achieved by using the Central West Catchment Blueprint, Vegetation Management Plans and Water Sharing Plans.

KATHLEEN SIMS
CMA Member (05/05/2004 to 05/11/2005) (attended 4/4 CMA meeting)

Kathy sees the CMA as a vehicle for the whole community working together to implement their strategies to address the environmental issues within their economic, social and historical contexts. The outcome should be a better place for future generations, one which will provide them with a solid sustainable economic base and a great place to live. Reliable information, availability of resources and respect for local knowledge are key elements in the decision making needed to achieve these outcomes.

Kathy’s experience in this area is as a rural financial counsellor (11 years) and as a director of Kreate, a private training and consultancy company. Kathy is a qualified accountant (CPA), business and science educator with a farming background.

Kathy’s work with farmers and small communities has given her an understanding of their willingness to protect their environment and the difficulties of doing so with limited resources and long payback periods.

MICHAEL SUTHERLAND
CMA Member (05/05/2004 to 05/11/2005) (attended 4/4 CMA meeting)

Michael has lived and worked in the Central West catchment most of his life though he started his professional life working as a geologist in South Africa. He earned a Bachelor of Science degree from the University of Sydney (1981) and currently works as an environmental scientist employed by Alkane Exploration Ltd as Environment Superintendent at the Peak Hill Gold Mine and as Environment Manager for Australian Zirconia Limited.

Michael and his wife Kylie owned and operated a ‘best practise’ sheep and cropping property (100km southwest of Dubbo) from 1984 to 2001. Michael has been heavily involved with Landcare since 1992, as founding Chairman of the Genaren Hill Landcare Group, Co-Chair of the NSW Landcare Working Group (1995-1999) and a Director of Landcare Australia Limited from 1998-2004. He was an inaugural member of the Threatened Species Scientific Committee which is a constituted under the EPBC Act. Michael lives in Dubbo and is President of Dubbo Macquarie River Bushcare Inc.

Committees:
President of Dubbo Macquarie River Bushcare Inc.
PETER WESTON
CMA Member (05/05/2004 to 05/11/2005)
(attended 4/4 CMA meeting)

Peter is a landholder with a long family history of land management in the Nyngan area. His grandfather and father had selection blocks that were both part of the “Overflow” station. Peter now manages 26,000 hectares with the amalgamation of 8 separate properties.

He has a commitment to sustainable land management practices and since 1962 has been involved in the restoration and development of his property to manage a diversity of plant species in conjunction with his grazing enterprise. Currently 8000 hectares are in the process of restoration.

Peter has been involved in natural resource committees and organisations that have included the Chairman of the Bobadah Landcare Group, the inaugural STIPA Committee and the North Lachlan/Bogan Regional Vegetation Committee.

He has a wealth of knowledge of natural resource issues within the western parts of the catchment and he is particularly passionate about the management of woody weed regrowth to ensure profitable farming enterprises while achieving biodiversity outcomes.

Peter is keen to work with the community to establish sustainable management options to achieve both economic and social benefits, which will then flow to positive environmental outcomes. He believes that it is important to gain community ownership of programs to achieve the desired natural resource outcomes.

Committees:
Bobadah Landcare Group (Chair)

IAN ROGAN
LET Coordinator (23/01/2004 to 26/02/2004)
(attended 0/0 LET meetings)

Ian was Chair of the former Central West CMB. He has a Bachelor of Rural Science and worked with NSW Agriculture from 1979 to 1992, where he became the Regional Director of Research at Trangie. Ian then joined Hassall and Associates initially as a senior consultant and then as a director

Prior to becoming Chair of the CMB, Ian was a community delegate to the Catchment Management Committee. This interest arose through a grassroots involvement in Landcare in the community in the Trangie and Warren area.

Ian is now General Manager Production with Australian Wool Innovations

NEIL ALLEN
LET Member (23/01/2004 to 05/05/2004)
(attended 2/2 LET meetings)

Neil Allen has a Bachelor of Engineering, Certificate in Planning and a Master of Business Administration.

Neil is the Director of Engineering Services at Bathurst Regional Council (formerly Bathurst City Council). Neil has worked in local government for 27 years in the engineering area in 3 metropolitan councils and then Bathurst for 17 years.

His initial interest in total catchment management was sparked when the Catchment Management Act Bill was introduced. The challenge to develop inter-agency cooperation with local government lead to encouraging the establishment of Landcare groups. Bathurst Council was one of the first to adopt floodplain management planning, and involved the community.

Neil has a continuing strong interest in the riverine environment.

Committees:
Sub committee of the State Floodplain Management Committee (Member)
Motor Sport Risk Management Committee for Standards Australia (Member)

PETER THOMPSON
LET Member (23/01/2004 to 05/05/2004)
(attended 2/2 LET meetings)

Peter has a Science degree in Anthropology and Zoology and a post graduate diploma in Earth Science. He has worked extensively with Aboriginal people on heritage management, land management and environmental issues.

Peter is an active conservationist and has represented the Nature Conservation Council on the Barwon Darling River Management Committee, the Central West Streams Management Committee and on the Border Rivers Unregulated River Management Committee. He was also involved in the Inverell/Yularoi Regional Vegetation Committee (member), the Lower Macquarie Castlereagh Regional Vegetation Committee (Chair), and guided the committee to complete a consensus draft plan.

Peter was a member of the Western Catchment Management Committee and the Border Rivers Catchment Management Board.

He is currently working with NSW Department of Aboriginal Affairs on the issues of heritage and natural resources and how they relate to Aboriginal people. Peter is also active in Landcare in the Coonabarabran area.

Qualifications of Senior Officers:
There were no senior officers appointed to the Central West CMA as at 30 June 2004.
HAWKESBURY-NEPEAN CATCHMENT MANAGEMENT AUTHORITY

JOHN KLEM
CMA Chairperson (11/02/2004 to 11/02/2007)
(attended 2/2 CMA meeting)
CET Member (23/01/2004 to 11/02/2004)
(attended 5/5 CET meetings)
John was appointed as the inaugural Chair of the Hawkesbury-Nepean Catchment Management Authority on 11 February 2004. He manages a grazing property around 30 kilometres from Goulburn. John holds a Diploma in Agriculture from Hawkesbury Agricultural College and a Bachelor of Arts degree from the University of Canberra.

He was formerly the Chair of the Wollondilly Catchment Management Committee, Chair of the Hawkesbury-Nepean Catchment Management Trust, Chair of the State Catchment Management Coordinating Committee, Chair of Namoi Valley Groundwater Anomalies Committee and a past member of the NSW CMA Central Establishment Team.

Committees:
Australian Landcare Council
Natural Resources Advisory Committee (Member)
Heffernans Creek Landcare Group

ANGUS GIBSON
CMA Member (05/05/2004 to 05/11/2005)
(attended 2/2 CMA meetings)
LET Member (23/01/2004 to 05/05/2004)
(attended 6/7 LET meeting)
Angus manages a grazing and rural tourism property on the Mulwaree Ponds out off Goulburn. He holds a Bachelor of Applied Science (Natural Resource Management and Wildlife Biology) from the University of Canberra.

Angus Gibson has played an active role in the community and has worked to develop and manage indoor sports centres in Canberra and Newcastle, and has played other active roles as a member of Landcare and Rural Fire Service in various positions. He was also a member of the Wollondilly Catchment Management Committee and Catchment Audit Review Panel

Committees:
Wollondilly Landcare Coordinators Committee

JENNY SMITH
CMA Member (05/05/2004 to 05/11/2005)
(attended 2/3 CMA meetings)
Jenny lives in the Blue Mountains and works as an environmental consultant.

Her work with non-government organisations has included being on the Management Committee for the Total Environment Centre, the Board of the Hawkesbury-Nepean Catchment Foundation and representing the NSW Nature Conservation Council.

Jenny has qualified for postgraduate studies in Master of Science at Macquarie University. During her business-focused life before catchment management, she owned and managed a number of business activities and has certificates in sales management and marketing.

Committees:
Hawkesbury-Nepean Catchment Foundation (Member)
Blue Mountains Conservation Society

KENNETH WHEELRIGHT
CMA Member (05/05/2004 to 05/11/2005)
(attended 2/2 CMA meetings)
LET Member (23/01/2004 to 05/05/2004)
(attended 4/7 LET meeting)
Ken manages a grazing property in the upper Wollondilly River catchment. He has an active interest in developing sustainable and profitable farm management practices.

Ken holds a degree in Rural Science from the University of New England, and is involved with tertiary education of agricultural students. More recently, he obtained a Bachelor of Business degree from Charles Sturt University.

Committees:
Sydney Catchment Authority

LARRY WHIPPER
LET Coordinator (23/01/2004 to 11/02/2004)
(attended 6/7 LET meeting)
Larry is a local government Councillor with the Wingecarribee Shire Council. He has played an active role in local environmental management both at a community and Council level.

He is a qualified mediator, with broad experience at an individual and group level working to reconcile disputes. Larry was a member of the Hawkesbury-Nepean Catchment Management Board.

Committees:
Hawkesbury-Nepean Local Government Advisory Group (Member)
Wingecarribee Council Environment Committee (Chair)
Wingecarribee Council Agenda 21 Committee
ELSPETH MURPHY
LET Member (23/01/2004 to 05/05/2004)
(attended 7/7 LET meetings)

ElsBeth is currently a farmer and Business Director in the lower Hawkesbury-Nepean catchment. She has also previously worked as a Generalist Community Nurse.

ElsBeth holds a degree in Bachelor of Social Science from the University of New England and is also a State Registered Nurse with a Nursing Certificate.

She is also a member of the Nature Conservation Council of NSW affiliated local environment groups and was a member of the Hawkesbury-Nepean Catchment Management Board.

Committees:
Hawkesbury-Nepean Catchment Foundation (Member)
Movement Against Senseless Environmental Sacrilege (Member)
The Hawkesbury Regional Environment Protection Group (Member)
MacDonald Valley Association

PAUL RASSMUSSEN
LET Member (23/01/2004 to 05/05/2004)
(attended 7/7 LET meeting)

Paul is a director in an information technology company and an elected councillor on the Hawkesbury City Council. Paul Rasmussen holds the degrees of Bachelor of Science (Hon), Diploma of Education, Bachelor of Engineering and a Master of Education.

He was a member of the Hawkesbury-Nepean Catchment Management Board, an alternate member of the Hawkesbury-Nepean River Management Forum and a member of the Hawkesbury-Nepean Local Government Advisory Group.

Paul is a retired Royal Australian Air Force officer.

Committees:
Lower Nepean Hawkesbury Water Users Association (Chair)
Hawkesbury Community Radio Station (Chair)

ANTHONY WILLIAMS
LET Member (23/01/2004 to 05/05/2004)
(attended 7/7 LET meeting)

Tony is an elder of the Dharug Aboriginal nation.

Tony is a Manager with the NSW Department of State and Regional Development. He holds Bachelor degrees in Business Management and Mechanical Engineering, and trade qualifications in fitting and machining.

He is actively involved in Aboriginal community development and was awarded a Prime Ministers award for services to the Redfern Aboriginal community.

Tony was a member of the former Hawkesbury-Nepean Catchment Management Board.

Committees:
Burranwargan Association (Secretary)

Qualifications of Senior Officers:

BERNIE JOHN BUGDEN
General Manager

Academic Qualifications – Diploma of Applied Science (Agriculture), (HAC)

Bernie has held various management positions with the Soil Conservation Service of NSW, Department of Conservation and Land Management and Department of Land and Water Conservation in delivering community-based natural resource and environmental management programs.

Bernie has had broad experience, both as a member, and an agency manager supporting Catchment Management Committees, Trusts, Boards and Landcare groups and by supporting the implementation of “committee” and group business plans by alignment of agency programs and resources.

He has played a pivotal role in supporting community outcomes by the negotiating participation by other agencies, local government and stakeholder bodies.
WEJ PARADICE
CMA Chairperson (11/02/2004 to 11/02/2007)
(attended 1/1 CMA meeting)
(attended 1/1 LET meetings)

(attended 1/2 LET meeting)
Athol has extensive experience in local government. Athol has been a Councillor with the Carrathool Shire Council for 41 years, since 1963. During this time, he held the positions of Shire President, Mayor and Deputy Shire President.
Athol was an Executive Member of the Shires Association of NSW for 12 years, during this time he was also the Treasurer of the Shires association. Athol has been a Delegate to the Murrumbidgee County Council for 23 years, as well as being President for 8 years.

FRANK ZACNICH
LET Member (23/01/2004 to 05/05/2004)
(attended 1/2 LET meeting)
Frank is currently the General Manager, Bland Shire Council, West Wyalong, NSW.
He has extensive experience in local government having worked in both rural and metropolitan councils in NSW and SA.
Frank holds qualifications in business administration, management, planning, environmental health and building surveying.
Frank was recognised in 1999 (together with the Bland Shire team) by the Local Government Managers Australia - Excellence in Local Government Award for the Waratah Village - Aged Care Facility Redevelopment.
Qualifications of Senior Officers:

CHRIS GLENNON
General Manager
Chris has a Diploma of Applied Science in Agriculture, and a Postgraduate Diploma in Business Administration.
He has a background of experience in public sector management, having achieved 12 years senior management experience with the Soil Conservation Service, Department of Water Resources, Department of Land and Water Conservation and Department of Infrastructure, Planning and Natural Resources.
During this time, Chris was responsible for development of water policy, vegetation management and the development of the Catchment Blueprints with the previous Catchment Management Boards.
Chris has practical experience in the irrigation industry, broad acre agriculture and the management of extension programs.
MARK KING
CMA Chairperson (11/02/2004 to 11/02/2007)
(attended 1/1 CMA meetings)
LET Coordinator (23/01/2004 to 11/02/2004)
(attended 2/2 LET meetings)
Mark is from Pomona and operates a horticulture and wine business.
He is a Wentworth Shire Council Councillor and an active community member involved in promoting local and regional initiatives.
Mark was the Chair of the Lower Murray Darling Catchment Management Board.
Committees:
NSW Murray Wetlands Working Group
Wentworth Shire Council (Councillor)
Murray Darling Basin Commission - Community Advisory Committee (Member)

PATTY BYRNES
CMA Member (05/05/2004 to 05/11/2005)
(attended 1/1 CMA meetings)
LET Member (23/01/2004 to 05/05/2004)
(attended 2/2 LET meetings)
Patty is a member of a family business and lives on Wamberra Station.
She was a member of the Lower Murray Darling Catchment Management Board.
Patty is very active in Natural Resource Management and enjoys showing and promoting 10,989ha of private conservation reserves on Wamberra Station. The conservation reserves were established under the Southern Mallee Guidelines.
Committees:
Rangelands Management Action Plan Inc. (Vice Chair)
South West Land Management Group (Treasurer)
Southern Mallee Regional Planning Committee (Member)
Pooncarie Field Day Inc. (Secretary)

STAN DINEEN
CMA Member (05/05/2004 to 05/11/2005)
(attended 1/1 CMA meetings)
Stan was a member of the Lower Murray Darling Catchment Management Board and its predecessor, the Lower Murray Darling Catchment Management Committee (from 1993).
Stan has lived in Broken Hill since 1953, giving him much insight to the water supply and quality issues facing an inland city.
Committees:
Australian Institute of Company Director (Member)
Australian Inland (Director)

GARY DOYLE
CMA Member (05/05/2004 to 05/11/2005)
(attended 0/1 CMA meetings)
Gary is part of a family business that runs the properties “Petro” and “Montarna” with a combined area of 39,000 ha (of which about 9500 ha is cropped mostly on a 2 year rotation).
He also manages a 16,000ha private conservation reserve that was established under the Southern Mallee Guidelines.
Gary was the inaugural President of Mallee Sustainable Farming, serving for 6 years and is a member of the Southern Mallee Regional Planning Committee.
He spent many years shearing and running shearing teams as Regional Manager for Grazcos shearing company in the Western Division.
Committees:
South West Land Management Group (Member)
Southern Mallee Regional Planning Committee (Member)

HOWARD JONES
CMA Member (05/05/2004 to 05/11/2005)
(attended 1/1 CMA meeting)
LET Member (23/01/2004 to 05/05/2004)
(attended 2/2 LET meetings)
Howard’s main occupation is as a viticulturist and he has an extensive understanding and knowledge of the irrigation industry.
After spending much of his leisure time either on or near the water, Howard has witnessed the degradation of many wetland and floodplain systems. The decline of these ecosystems prompted Howard to become a pro-active community member and take an interest in the future management of wetlands and floodplains.
Committees:
NSW Murray Wetlands Working Group (Chair)
Western Murray Irrigation Ltd (Member)

LEIGH WATMUFF
CMA Member (05/05/2004 to 05/11/2005)
(attended 1/1 CMA meeting)
Director Western Murray Irrigation Ltd

DAVID MCMILLAN
LET Member (23/01/2004 to 05/05/2004)
(attended 2/2 LET meetings)
David has been working in Local Government for 35 years, being CEO and GM at various NSW and Victorian Councils.
David has spent the past 10 years with Wentworth Shire Council.
Committees:
Wentworth Shire Council (General Manager)

Qualifications of Senior Officers:
There were no senior officers appointed to the Lower Murray Darling CMA as at 30 June 2004.
MURRAY CATCHMENT MANAGEMENT AUTHORITY

KELVIN BAXTER
CMA Chairperson (11/02/2004 to 11/02/2007)
(attended 2/2 CMA meetings)
Kelvin is a landholder in the Berrigan district, farming both irrigated and dryland enterprises in a family partnership. He also owns a bulk transport business that operates predominantly in the Riverina of NSW. Kelvin has been involved in land and water issues in the region for many years and is committed to a balanced outcome for the Murray Catchment.
He was inaugural Chair of Murray Irrigation Ltd and more recently was Chair of their Environment Committee. The initial negotiation of the Murray Land and Water Management Plans between government and the community were achieved during his Chairmanship.
Committees:
Murray Darling Basin Commission - Community Advisory Council
Murray Darling Basin Commission - Hume to Yarrawonga Waterway Advisory Group

LOUISE BURGE
CMA Member (05/05/2004 to 05/11/2005)
(attended 2/2 CMA meetings)
Louise Burge is a farmer from the Tuppal region.
For many years she has been involved in Natural Resource Management issues seeking an integrated approach within productive farming systems.
Committees:
NSW Farmers Association (Executive)
NSW Farmers Association - CRM Committee

JONATHON HOWARD
CMA Member (05/05/2004 to 05/11/2005)
(attended 2/2 CMA meetings)
Jonathon is a lecturer at Charles Sturt University. His research and teaching interest focuses on the social psychology of water management including catchment management, community education and visitor planning.
He comes to the Authority having previously been involved with the Murray Catchment Management Board, the Murray Groundwater Committee, the Murray Unregulated Rivers Committee, and the Hawkesbury-Nepean Catchment Management Trust.
He lives on a small farm in Jindera.
Committees:
Murray Groundwater Management Committee
Inland Rivers Network
Bowna Arm Landcare Group
Australian Association for Environmental Education
National Council of the Australian Association for Environmental Education

LAURA ROSS
CMA Member (05/05/2004 to 05/11/2005)
(attended 2/2 CMA meetings)
Laura is a member of the Muthi Muthi tribe. Laura is a project officer for the Yarkuwa Indigenous Knowledge Centre and is involved in Indigenous cultural heritage issues as well as the indigenous perspective on Natural Resource Management.

BRIAN SHARP
CMA Member (05/05/2004 to 05/11/2005)
(attended 2/2 CMA meetings)
Brian has been involved in natural resource management for a number of years including the NSW Murray Catchment Committee, which then became the Murray Catchment Management Board.
He is also the Central Murray Floodplain Management Committee, Gulpa Creek Management Committee and Moama Floodplain Management Committee.
Brian is currently a board member of the Murray Darling Association.
Brian has been involved in local government since 1994, has served as President (2000/03) of the “F” Group of Councils - NSW Shires Association and is currently Mayor of the Murray Shire.
Committees:
NSW Murray Wetlands Working Group
NSW Shires Association (Executive)
Murray Regional Organisation of Councils (Chair)
Murray Shire (Mayor)
“F” Group of Councils (President)

CMA Member (05/05/2004 to 05/11/2005)
(attended 2/2 CMA meetings)
Paul is a farmer from Howlong. His past employment has included teaching and research and development.
He has a history of involvement with Landcare and resource management at local, regional, state and national levels.
He was also an elected member of Local Government for eight years.

BRIAN SHARP
CMA Member (05/05/2004 to 05/11/2005)
(attended 2/2 CMA meetings)
Brian has been involved in natural resource management for a number of years including the NSW Murray Catchment Committee, which then became the Murray Catchment Management Board.
He is also the Central Murray Floodplain Management Committee, Gulpa Creek Management Committee and Moama Floodplain Management Committee.
Brian is currently a board member of the Murray Darling Association.
Brian has been involved in local government since 1994, has served as President (2000/03) of the “F” Group of Councils - NSW Shires Association and is currently Mayor of the Murray Shire.
Committees:
NSW Murray Wetlands Working Group
NSW Shires Association (Executive)
Murray Regional Organisation of Councils (Chair)
Murray Shire (Mayor)
“F” Group of Councils (President)

PAUL TREVETHAN AM
CMA Member (05/05/2004 to 05/11/2005)
(attended 2/2 CMA meetings)
Paul is a farmer from Howlong. His past employment has included teaching and research and development.
He has a history of involvement with Landcare and resource management at local, regional, state and national levels.
He was also an elected member of Local Government for eight years.

DARYL MCGREGOR
LET Coordinator (23/01/2004 to 11/02/2004)
(attended 0/0 LET meetings)
Daryl holds tertiary qualifications in Civil Engineering (Hon), Engineering Science (Masters), Business Administration (Masters), is a qualified Engineer of Water Supply (Vic) and a qualified Municipal Engineer (Vic/NSW).
His experience includes 11 years in Consulting Engineering (Associate Director of Kinhill Rofe P/L 1982). He joined Albury City Council as Assistant Water and Sewerage Engineer (1984) and is currently Manager of Albury Water.
His areas of expertise and interest embrace local government management, water supply, water resources, natural resource management, wastewater treatment and management, civil engineering, traffic management, infrastructure development and environmental management. He has presented and published over 60 professional papers in these and related fields.
DARYL MCGREGOR

Committees:
NSW Water Directorate (Chair)
Murray Darling Basin Commission - Community Reference Panel on Water Quality and Environmental Flows (Member)
Murray Darling Basin Commission - Community Advisory Committee to the Ministerial Council (Member)
Murray Regional Algal Coordinating Committee (Member)
Murray Darling Basin Commission - Rivers Knowledge Committee (Member)

NORM BRENNAN

LET Member (23/01/2004 to 05/05/2004) (attended 3/3 LET meeting)
Norm and his wife Linda have operated a small retail business in the Conargo area for the last twelve years after moving from Melbourne.
Norm has a Certificate of Business Studies.
A keen interest in natural resource management issues was developed in his employment with the Melbourne and Metropolitan Board of Works, in the position of Senior Administration Officer Waterways and Parks Division. This continued when he was elected to the Conargo Shire in 1995 and given the area of Natural Resource Management as a portfolio.

Committees:
Conargo Shire Council – Natural Resource Management Committee
Murray Valley Community Action Group
North Conargo Land Management Group Inc. (Member)
Coalition of Conservation Councils

SALLY DYE

LET Member (23/01/2004 to 05/05/2004) (attended 2/3 LET meeting)
Sally lives with her husband and three children on their property “Murgha” on the Edward River between Deniliquin and Moulamein, grazing sheep and producing some irrigated crops.
Originally qualified as a Nursing Sister, she also has qualifications in Farm Business Management and Dispute Resolution.
With a long-standing interest in all Natural Resource Management issues, Sally believes that for successful outcomes to be achieved planning at a local level to engage the stakeholders is essential, as is equitable implementation.
She is a strong advocate for landholder participation in Natural Resource Management issues and recognises that triple bottom line outcomes are essential to be successful in achieving environmental objectives.

Committees:
Conargo Shire Council (Councillor)
Conargo Shire Council – Natural Resource Management Subcommittee
Central Murray Floodplain Management Plan Committee
Central Murray Floodplain Management Plan Committee - Wetland subcommittee (Member)

SALLY DYE continued
Lower Forest Creek Landholders Working Group (Chair)
Yanco Tributaries and Creek Advisory Council (Delegate)
North Conargo Land Management Group Inc (Member)
Coalition of Conservation Councils

LEANNE WHEATON

LET Member (23/01/2004 to 05/05/2004) (attended 3/3 LET meeting)
Formerly Deputy Chair of the Murray Catchment Management Board, Leanne has been an active member of the Murray Catchment Committee/Board since 1994 with her special interest being nature conservation.
Leanne possesses great technical knowledge and practical skills in vertebrate pest control and established and Chairs the “Spotlight on Foxes” committee which oversees feral animal control over 10,000 sq km of the Catchment, bringing together Landcare groups, local government, Rural Lands Protection Boards and landholders.
Leanne has previously worked for Greening Australia providing on-ground vegetation advice to landholders, has worked as a Landcare Co-ordinator and has been a farmer for all of her working life.

Qualifications of Senior Officers:
There were no senior officers appointed to the Murray CMA as at 30 June 2004.
MURRUMBIDGEE CATCHMENT MANAGEMENT AUTHORITY

LEE O’BRIEN
CMA Chairperson (11/02/2004 to 11/02/2007)
(attended 3/3 CMA meetings)

LET Coordinator (23/01/2004 to 11/02/2004)
(attended 2/2 LET meetings)

Lee has a Bachelor of Education (Technical) degree. In partnership with his wife Hetty, Lee owns and operates a sheep and dryland cropping farm at Henty in the southern part of the mid-Murrumbidgee catchment. He has a strong interest in Landcare, profitable - sustainable farming systems and integrated natural resource management. Lee was previously the Deputy Chair of Murrumbidgee Catchment Management Board.

Lee has been an active member of the Alma Park/Pleasant Hills Landcare Group over past ten years and was formerly an executive committee member of the Eastern Riverina Landcare Network. Lee welcomes the devolution of natural resource management decision making to regional bodies and is committed to working with all stakeholders to address the vast range of natural resource issues in our catchment.

Committees:
Murray Darling Basin Ministerial Council - Community Advisory Committee

FLO GRANT
CMA Member (05/05/2004 to 05/11/2005)
(attended 3/3 CMA meetings)

Flo resides near Wagga Wagga and is a Wiradjuri Elder.

As a former member of the Murrumbidgee Unregulated Streams Management Committee, Flo has considerable experience in Natural Resource Management, in particular water and Indigenous issues.

Committees:
Murrumbidgee Natural Resource Management and Traditional Cultural Heritage Reference Group

CLAUDIA NYE
CMA Member (05/05/2004 to 05/11/2005)
(attended 3/3 CMA meetings)

Claudia has obtained a Bachelor of Education, Masters of Education and Diploma of Counselling. Claudia comes to the Murrumbidgee Catchment Management Authority with a background in education and Local Government. Both areas have strengthened her passion for community engagement in Natural Resource Management.

Over the past decade she has been involved in her local Landcare group and committees representing areas such as mine remediation, sub-regional planning and groundwater issues. Knowledge gained as a member of the previous Murrumbidgee Catchment Board will inform decisions she brings to the CMA.

As a grazier in the Upper Murrumbidgee, Claudia understands the necessity for sound environmental practice to achieve long term sustainable land management outcomes.

MIKE SCHULTZ
CMA Member (05/05/2004 to 05/11/2005)
(attended 3/3 CMA meetings)

LET Member (23/01/2004 to 05/05/2004)
(attended 2/2 LET meetings)

Mike is from Leeton, his town of birth, and received his education in the Riverina. Mike has a background in horticulture and ecology, and was a member of the Murrumbidgee Catchment Management Board. Through his involvement with native vegetation and wildlife, and water organisations, Mike brings experience and a good understanding of Natural Resource Management and biodiversity conservation to the Murrumbidgee Catchment Management Authority.

Mike has a commitment to conservation management of the Murrumbidgee Catchment's natural resources and heritage, for the Murrumbidgee Catchment and its community as a whole.

DICK THOMPSON
CMA Member (05/05/2004 to 05/11/2005)
(attended 3/3 CMA meetings)

LET Member (23/01/2004 to 05/05/2004)
(attended 2/2 LET meetings)

Dick owns and operates a broad acre irrigation farm at Hanwood producing rice, winter cereals and prime lambs. Dick was elected to the initial irrigators Board in 1989 and in July 1997 he chaired the former Murrumbidgee Irrigation State Owned Corporation.

Dick was a member of the Murrumbidgee Catchment Management Board and the Murrumbidgee River Management Committee. Dick was also a member of the expert scientific panel, which provided a report to the Murrumbidgee River Management Committee in 2000.

Committees:
Murrumbidgee Irrigation (Chair)
NSW Irrigators’ Council (Executive member /Treasurer)
State Water – Murrumbidgee Customer Services Committee (Member)
Tumut Advisory Committee (State Water – Murrumbidgee Customer Services Committee representative)

JOHN MCMINN
LET Member (23/01/2004 to 05/05/2004)
(attended 1/2 LET meetings)

John runs an irrigation property within the Coleambally Irrigation Area and was a member of the Murrumbidgee River Management Committee and the Murrumbidgee Groundwater Management Committee.

John has a long history with local government as ex-Mayor of the Murrumbidgee Shire Council.

Committees:
Councillor, Murrumbidgee Shire Council

Qualifications of Senior Officers:
JOHN SEARSON
General Manager
Bachelor of Veterinary Science, Master of Veterinary Science.
NAMOI CATCHMENT MANAGEMENT AUTHORITY

JIM MCDONALD
CMA Chairperson (13/02/2004 to 13/02/2007)  
(attended 0/0 CMA meeting)
LET Coordinator (23/01/2004 to 13/02/2004)  
(attended 1/1 LET meeting)
Jim provides the CMA with skills in commercial enterprises, primary production, community leadership, negotiation and consultation with Company Directorship experience. He has an Associate Diploma in Farm Management and a career as the owner/manager of Mariankers Partnership, a farming business near Quirindi, being among the first in the world to be certified to the international standard ISO 14001.
Jim has had extensive experience in natural resource management through the development of policy advice for the Australian and NSW Governments on planning, community consultation processes, and the development, management and monitoring of research and analytical projects.
Committees:
Science and Information Board (DIPNR)
Australian Government and NSW Government Natural Resource Management Joint Steering Committee

JEFF AUSTIN
CMA Member (05/05/2004 to 05/11/2005)  
(attended 0/0 CMA meeting)
LET Member (23/01/2004 to 05/05/2004)  
(attended 1/1 LET meeting)
Jeff is a Chartered Professional Engineer who has lived at Walgett for the past 26 years, most of which was as Council’s Chief Engineer. He now conducts a private business as an accredited Engineer Mediator and Facilitator for Natural Resource and Local Government issues. He was previously Chair of the NSW Great Artesian Basin (GAB) Advisory Committee. Jeff is an independent Director of a local grain co-operative, and until recently a technical representative to the Local Government and Shires Association Water Resources Committee. Currently he is Acting General Manager of Walgett Shire Council.
Committees:
National Great Artesian Basin Coordinating Committee

ED COLLESS
CMA Member (05/05/2004 to 05/11/2005)  
(attended 0/0 CMA meeting)
Ed holds a Bachelor of Business (Agricultural Commerce) from the University of New England - Orange Agricultural College. He is currently the Chief Executive Officer, Walgett Special One Co-operative Ltd.
Previous to this, Ed worked for the Queensland Department of Primary Industries as a Farm Financial Counsellor, Regional Extension Specialist, and later as the Regional Coordinator then State Coordinator, for Property Management Planning. Ed currently owns a farming and grazing enterprise at Walgett.

GEORGE PAUL
CMA Member (05/05/2004 to 05/11/2005)  
(attended 0/0 CMA meeting)
George has qualifications as a Fellow of the Chartered Institute of Accountants, Associate of the Australian Society of Accountants, Admitted Barrister of the Supreme Court (1971) and a Local Government Auditor.
George has extensive experience as a Practicing Chartered Accountant (1959-97) as the senior partner in an accounting firm with offices at Gunnedah, Boggabri and Narrabri, providing taxation and financial advice to various businesses and farming enterprises and the Auditor to Gunnedah, Narrabri and Coolah Shire Councils.
Committees:
New England/North West Area Consultative Committee – sub-committee Namoi Valley Structural Adjustment Committee (Deputy Chair)

HEATHER RANCLAUD
CMA Member (05/05/2004 to 05/11/2005)  
(attended 0/0 CMA meeting)
LET Member (23/01/2004 to 05/05/2004)  
(attended 1/1 LET meeting)
Heather holds a Bachelor of Nursing and has completed Native Plant Identification and Landcare Studies (TAFE 2002) and a Rural Entrepreneurship (Sydney University/Orange Campus 2003)
She owns a mixed farming and intensive livestock including dairy, poultry and rabbits (30 years).
Heather has worked as a General Nurse training from 1974-77. She has also worked as a Project Officer for Armidale Tree Group, Grassy Ecosystems Grants (2001-2003) and a Community Services Coordinator, Local Government (2002-04).

GLEN INGLIS
LET Member (23/01/2004 to 05/05/2004)  
(attended 1/1 LET meeting)
Qualifications of Senior Officers:
There were no senior officers appointed to the Namoi CMA as at 30 June 2004.
NORTHERN RIVERS CATCHMENT MANAGEMENT AUTHORITY

JUDY HENDERSON
CMA Chairperson (11/02/2004 to 11/02/2007)
(attended 2/2 CMA meetings)
(attended 1/1 LET meeting)

Judy was born and raised on a dairy farm on the Bellinger River where she currently resides. Judy has extensive involvement in high profile national and international organisations. She is highly motivated to support sustainable resource management systems and is a strong advocate for sustainable regional development. Judy is impressed by the breadth and extent of commitment to improved natural resource outcomes, evident throughout the CMA area, and is looking forward to building community capacity and working with people who are active on the ground. Judy is a retired medical practitioner, specialised in paediatrics.

Committees:
Environmental Protection Authority Board
Australian Ethical Investment Ltd.
The World Commission on Dams
The Global Reporting Initiative

JACK BEETSON
CMA Member (05/05/2004 to 05/11/2005)
(attended 2/2 CMA meetings)

Jack is a Ngembaa man from the Nyngan area. He is a highly respected member of the NSW Aboriginal community with 20 years experience in executive positions at a national and international level in adult education. He has a Bachelor degree in Adult Education and held various teaching positions at the Tranby Aboriginal College, Glebe from 1985-2003 and was Executive Director for 5 years. Jack now runs the Aboriginal philosophy farm, ‘Linga Longa’ at Rollands Plains, the world’s first Indigenous Philosophy and Culture farm, which brings together black and white to learn from each other.

DAVID DONNELLY
CMA Member (05/05/2004 to 05/11/2005)
(attended 2/2 CMA meetings)

David is a beef cattle farmer and fifth generation Australian from the Glen Innes District with extensive experience in local government and Natural Resource Management. For 23 years, David was a Councillor with the Glen Innes Municipal Council, including 10 years as Mayor. He was Chair of Northern Regional Council Organisation and a member of the Local Government State Executive and NSW Country Mayors’ Association. David was Deputy Chair of the Upper North Coast Catchment Management Board and a member of Northern Tablelands Regional Vegetation Committee and Clarence/North West Vegetation Committee and has been a long time participant in local Landcare.

Committees:
Glen Innes Municipal Council (Councillor)

ROBERT QUIRK
CMA Member (05/05/2004 to 05/11/2005)
(attended 2/2 CMA meetings)
LET Member (23/01/2004 to 05/05/2004)
(attended 2/2 LET meetings)

Robert has been a sugar cane grower in the Tweed for 40 years, the last 10 working with scientists from CSIRO and three Australian Universities to improve the environmental sustainability of cane farms, while developing best practice for water quality. He was a Churchill Fellow in 2001/2 travelling to USA, the Netherlands and China for research on Acid Sulphate Soils. Robert served for some years on the State Acid Sulphate Soils Committee, ASSMAC.

Committees:
Tweed Cane Growers (Senior Vice President)
Industry-Wide Committee (Deputy Chair)
Member of three Tweed Shire Committees

JULIE WOODROFFE
CMA Member (05/05/2004 to 05/11/2005)
(attended 2/2 CMA meetings)
LET Member (11/02/2004 to 05/05/2004)
(attended 2/2 LET meetings)
LET Co-Coordinator (23/01/2004 to 11/02/2004)
(attended 0/0 LET meetings)

Julie is a Scientist (ecology), by training and has extensive on-ground experience across the Northern Rivers in property management planning and vegetation services. She lives and works on a property at Gleniffer in Bellingen Shire and also operates as an independent provider to property owners and various natural resource management organisations. As Chair of the Upper North Coast Catchment Management Board, Julie guided the development of the Upper Northern Coast Catchment Blueprint. She was subsequently one of the co-convenors of the Local Establishment Team, the interim body between the Catchment Management Board and the establishment of the Northern Rivers CMA.

Committees:
Nature Trust NSW (Director)
Commonwealth-NSW Natural Heritage Trust Steering Group

SALLY WRIGHT
CMA Member (05/05/2004 to 05/11/2005)
(attended 2/2 CMA meetings)

Sally is a sheep and beef farmer from the New England Tablelands, co-owning and managing a 2000 hectare grazing property east of Guyra which involves sheep and cattle breeding, cattle trading and a 2,000 pig feedlot. She is a graduate in Agricultural Science with extensive experience in the profitable and sustainable management of soils and pastures. She is a strong believer in the importance of biodiversity to maintain healthy and productive systems. Sally has many years of experience in local Landcare, was a former Chair of the very successful Southern New England Landcare Coordinating Committee.
SALLY WRIGHT continued

She was a member of the Upper North Coast Catchment Management Board and the Clarence Catchment Management Committee.

Committees:
Dorrigo Catchment Steering Group (Chair)

DIANA ROBERTS
LET Member (11/02/2004 to 05/05/2004)
(attended 2/2 LET meetings)
LET Co-Coordinator (23/01/2004 to 11/02/2004)
(attended 0/0 LET meetings)

Diana resides on a 150 acre rural property in the Nimbin area of northern NSW. She has vast experience in natural resource management with a focus on water quality, sustainable use of natural resources and environmental restoration.

She was a former Councillor with Lismore City Council for 12½ years and held various positions with County Councils and on Council Committees with a focus on Natural Resource Management. She has also worked extensively on natural resource issues with local communities and community groups.

Diana was the Chair of the Northern Rivers Catchment Management Board.

Committees:
Local Government Reference Group (Member)

JIM MORRISON
LET Member (23/01/2004 to 05/05/2004)
(attended 2/2 LET meetings)

Jim has a degree majoring in Geography and Planning, and a Graduate Diploma in Science and Ecology. He was a representative of Nature Conservation Council on various Natural Resource Management Committees (including Northern Rivers Catchment Management Board and the Tenterfield Regional Vegetation Committees).

Jim is widely involved in forest conservation and community advocacy issues. He has vast experience in Natural Resource Management issues.

Heffernans Creek Landcare Group

BRUCE THOM
CET Member (23/01/2004 to 05/05/2004)
(attended 5/5 LET meeting)
Bruce was Vice-Chancellor of the University of New England (1994-96). He has held positions such as Foundation Professor of Geography, Royal Military College, Duntroon (University of New South Wales, 1977-84), Professor of Geography University of Sydney (1985-93), and Pro-Vice-Chancellor Research, University of Sydney (1990-93). He holds the title of Emeritus Professor from University of Sydney.
He served as Chair of the Australian State of Environment Committee (1998-02), and as Chair of the Coastal Council of New South Wales (1999-04).

He is Visiting Professor in the Faculty of Built Environment at the University of NSW and is also a member of the Wentworth Group of Concerned Scientists responsible for publishing the “Blueprint for a Living Continent”.

Qualifications of Senior Officers:
There were no senior officers appointed to the Southern Rivers CMA as at 30 June 2004.
SYDNEY METROPOLITAN CATCHMENT MANAGEMENT AUTHORITY LOCAL ESTABLISHMENT TEAM

BOB JUNOR  
LET Coordinator  (23/01/2004 to 30/06/2004)  
(attended 5/5 LET meetings)  
Bob has worked in natural resource management for 46 years. His career developed in the NSW Soil Conservation Service where he worked throughout the State. He was the Commissioner of Soil Conservation (NSW) 1987-92 and President of the International Soil Conservation Organisation 1989-92. Since 1992 he has consulted to government and the private sector on numerous audits, reviews and plans. He has served as a member of the Board of the NSW Environment Protection Authority since 1992. He was Chairman of Greening Australia (NSW) 1992-97, Chairman of the Community Consultative Committee of the Murray-Darling Basin Commission 1992-95 and industry representative on the NSW Coastal Council 1992-99. Since February 2003 he has been the Chairman of the Upper Parramatta River Catchment Trust. He has played a leading role since late 2003 in establishing Catchment Management Authorities throughout NSW and, in particular, has chaired the Local Establishment Team for the proposed Sydney Metropolitan CMA.

PATRICIA HARVEY  
LET Member  (23/01/2004 to 30/06/2004)  
(attended 2/5 LET meetings)  
Patricia grew up in the rural Riverina area. She moved to Mosman, Sydney and has lived there with her husband for over 40 years. Patricia was elected a Mosman Councillor in 1983 and became Deputy Mayor in 1987-93 and again in 1994-95. She was the first woman to be elected Mayor of Mosman in 1993-94. With a background in biological sciences she has spent 21 years representing her local community’s concerns about beach and water pollution, Sydney’s sewerage system and community service. She has served as a member of the Coastal Council of NSW, the Sydney Coastal Councils Group and the Beachwatch Committee. Patricia has also served as the elected independent member of the Executive of the Local Government Association (1996-00) and the Chair of the Sydney Harbour Catchment Management Board. She is a prominent lobbyist and is committed to furthering the community-government partnership in natural resource management.

GENIA MCCAFFERY  
LET Member  (23/01/2004 to 30/06/2004)  
(attended 3/5 LET meetings)  
Genia McCaffery’s 30 year career has spanned research, youth assistance and unemployment schemes, media management for community action groups and as a North Sydney Councillor. She has continued to focus her career on serving her community and was elected to North Sydney Council as Mayor in 1985. She was re-elected as Mayor in 1999 for a further four-year term. She has been a member of the Local Government Executive since 1998 and has served as a member of the Local Government Environmental and Planning Committee, Deputy Chair of Resource NSW and the Sydney Harbour Catchment Management Board. Genia is currently on the Advisory Committee of the State of the Environment Council and represents local government on the Land and Environment Court Users Group. She is committed to protecting the environment and to maintaining strong community involvement in local government.

Committees:  
Department of Environment and Conservation facilitated Working Group on Sydney Harbour Contaminated Sediment Remediation  
Advisory Committee of the State of the Environment Council

RICHARD McLAUGHLIN  
LET Member  (23/01/2004 to 30/06/2004)  
(attended 4/5 LET meetings)  
Richard has had a lifelong interest and connection with his local community. Resulting from his interest in the community he became a participant of his local Neighbourhood Watch Group. Subsequently he followed up this interest and commitment to the community by pursuing a local government career. He was elected to Bankstown Council in 1995 and re-elected in 1999 and 2004. His council ward area, bounded by Georges River and Salt Pan Creek, fostered his interest in water-focussed Council and interagency committees. He was involved in the former Georges River Riverkeeper Program (Chair), the Little Salt Pan Creek Estuary Management Committee (Chair) and the Southern Sydney Catchment Management Board (Member). Committees:  
Georges River Floodplain Management Committee (Chair)  
Chipping Norton Lakes Management Committee (Member)  
Georges River Combined Councils Committee (Member)  
Western Sydney Regional Organisation of Councils (Director - Bankstown Council)

PHILLIP SANSON  
LET Member  (23/01/2004 to 30/06/2004)  
(attended 5/5 LET meetings)  
Philip has been a Hurstville City Councillor since 1991 and was Mayor in 1999-00. He chairs the Planning and Environment Committee of Hurstville City Council, the Planning and Environmental Issues Committee of the Southern Sydney Regional Organisation of Councils and the Southern Sydney Stormwater Extension Reference Panel. He is a member of the Georges River Combined Councils Committee, the Southern Sydney National Parks and Wildlife Service Regional Advisory Committee and previously served on the Georges River Regional Environment Plan Section 22 Committee.
PHILLIP SANSOM continued

Phillip was a member of the Policy and Planning Subcommittee of the State Catchment Management Coordinating Committee and was appointed to the Botany Bay Strategy Advisory Committee in 2003 to provide advice to the government on natural resource environmental management and planning issues. He was also Chair of the Southern Sydney Catchment Management Board in 2001-03.

Commitees:
Georges River Combined Councils Committee
Southern Sydney National Parks and Wildlife Service Regional Advisory Committee

LEWIS SOLBERG
LEET Member (23/01/2004 to 30/06/2004)
(attended 5/5 LET meetings)

Lewis was born in Baradine NSW in 1938 and came to Sydney at the age of 4 years. He initially lived in Erskineville then moved to Redfern. He attended Cleveland Street School, used to fish at Watsons Bay, sells papers on trams and worked for Bullen Brothers Circus. He delivered ice to tenants in his street. At age 12, he moved to Hargrave Park (now Warwick Farm) and recalls swimming in Cabramatta Creek. At 15, he lived in South Strathfield and used to swim in the Cooks River at Enfield. He maintains strong affiliations with Sydney Harbour and Cabramatta Creek.

He has spent many years pursuing knowledge of his heritage. He was introduced to the Gandangara Aboriginal Land Council and later proved his Aboriginality. Today he is encouraging everyone to protect our land and water. He says "land is everything to us, anyone born in Australia are my brothers and sisters, you are all part of this land".

BRUCE THOM
LET Member (23/01/2004 to 30/06/2004)
(attended 5/5 LET meetings)

Bruce was Vice-Chancellor of the University of New England (1994-96). He has held positions such as Foundation Professor of Geography, Royal Military College, Duntroon (University of New South Wales, 1977-84), Professor of Geography University of Sydney (1985-93), and Pro-Vice-Chancellor Research, University of Sydney (1990-93). He holds the title of Emeritus Professor from University of Sydney.

He served as Chair of the Australian State of Environment Committee (1998-02), and as Chair of the Coastal Council of New South Wales (1999-04). He is Visiting Professor in the Faculty of Built Environment at the University of NSW and is also a member of the Wentworth Group of Concerned Scientists responsible for publishing the "Blueprint for a Living Continent".

Qualifications of Senior Officers:
There were no senior officers appointed to the Sydney Metropolitan CMA as at 30 June 2004.
WESTERN CATCHMENT MANAGEMENT AUTHORITY

ROARY TREVANNEE
CMA Chairperson (11/02/2004 to 11/02/2007) (attended 1/1 CMA meeting)
Rory holds a Bachelor of Laws (LLB).
He owns a grazing and cropping property at Angledoon, north of Lightning Ridge.
Rory was the independent Chair of the Barwon Darling River Management Committee, NSW representative on Community Reference Group for the Condamine Balonne Water Management Plan, member of WEST2000 and WEST2000 Plus Board of Management.
Committees:

PETER COTTLE
CMA Member (05/05/2004 to 05/11/2005) (attended 1/1 CMA meeting)
Peter holds a Bachelor of Rural Science. He is the Manager of Clyde Agriculture (Bourke), primarily in relation to the cotton operations.
He is the Chair of Mungindi-Menindee Advisory Council, Member Barwon Darling River Management Committee, on the Board of Cotton Australia.
Committees:
Chair of Mungindi-Menindee Advisory Council Barwon Darling River Management Committee Board of Cotton Australia.

MAX HAMS
CMA Member (05/05/2004 to 05/11/2005) (attended 1/1 CMA meeting)
Max is a pastoral property owner from Broken Hill area. He was involved in the Western Catchment Management Committee (member), the Western Catchment Management Board (member), the Broken Hill Rural Lands Protection Board (Chair and current member) and the Woody Weeds Task Force (member).
Max is a resident of the Unincorporated Area of the Western Division of NSW.
Committees:
Broken Hill Rural Lands Protection Board Woody Weeds Task Force

JENNY MCLELLAN AM
CMA Member (05/05/2004 to 05/11/2005) (attended 1/1 CMA meeting)
LET Member (11/02/2004 to 05/05/2004) (attended 0/0 LET meetings)
LET Coordinator (23/01/2004 to 11/02/2004) (attended 0/0 LET meetings)
Jenny is a pastoral and dryland agriculture property operator from the Brewarrina district.
She is the past Chair of the Western Catchment Management Committee and Western Catchment Management Board, past President of Western Division Group of Shires Association, Councillor Brewarrina Shire Council, member NSW Shires
Executive, member Community Advisory Council Murray Darling Basin Committee, member Barwon Darling River Management Committee, member WEST2000 and WEST2000 Plus Board, past National President Isolated Children’s Parents Assoc.
Committees:
Western Division Group of Shires Association (President)
Brewarrina Shire Council (Councillor)
NSW Shires Executive
Murray Darling Basin Committee - Community Advisory Council
Barwon Darling River Management Committee WEST2000 and WEST2000 Plus Board

VIRGINIA ANGELL
LET Member (23/01/2004 to 05/05/2004) (attended 0/0 LET meetings)
Virginia is a pastoral property operator from near White Cliffs. She was the Deputy Chair of the Western Catchment Management Board and is an active member of Paroo River Association and White Cliffs Progress Association.
She has a strong liaison relationship with Macquarie University field activities.
Committees:
Paroo River Association White Cliffs Progress Association

IAN COLE BA
LET Member (23/01/2004 to 05/05/2004) (attended 0/0 LET meetings)
Ian holds a Bachelor of Arts (Journalism). He is the Director of Darling Farms at Bourke.
Ian is the Chair of Darling River Food and Fibre, Member of Barwon Darling River Management Committee and the Mungindi-Menindee Advisory Council.
He was a delegate to NSW Irrigator’s Council.
Director and past Station Manager Radio Station 2WEB Bourke.
Committees:
Darling River Food and Fibre (Chair)
Barwon Darling River Management Committee Mungindi-Menindee Advisory Council

ANTHONY PEASE
LET Member (23/01/2004 to 05/05/2004) (attended 0/0 LET meetings)
Anthony is a community member from Wilcannia. He is a Councillor, Central Darling Shire Council. Anthony has a strong affiliation with Aboriginal communities and the Nature Conservation Council of NSW.
He is a member of Great Artesian Basin Advisory Committee.
Committees:
Central Darling Shire Council (Councillor)
Great Artesian Basin Advisory Committee
BOB WALTERS
LET Member (23/01/2004 to 05/05/2004)
(attended 0/0 LET meetings)
Bob is the General Manager Cobar Shire Council and past General Manager Brewarrina Shire Council and Namoi County Council, past Secretary of Western Division Shires Association.

Qualifications of Senior Officers:

DARYL GREEN
General Manager
Daryl holds a Bachelor of Science (Agriculture). He commenced in the position of General Manager prior to the end of the financial year.

He has most recently been a senior manager with the Far West Region of DLWC/DIPNR where he had strong links to the Western Catchment Management Board on both a technical and support level.

Daryl is nationally recognised in the Rangeland Management field and has represented NSW on several National committees and working groups. Daryl is the past Chair of the Woody Weeds Task Force, member Brewarrina Regional Vegetation Committee and the Western Lands Advisory Board.
Summary of CMA Operations
The Border Rivers-Gwydir Local Establishment Team (LET) was appointed, with their first meeting being held on 5 November 2003. The Border Rivers-Gwydir CMA was officially established on 23 January 2004. The Chair of the CMA was appointed on 13 February 2004 and the LET held their last meeting on 27 April 2004. Four CMA Board Members were appointed on 5 May 2004 and the CMA held their first Board meeting on 10 and 11 June 2004.

A Communications Officer was appointed on 28 June 2004.

The CMA’s National Action Plan for Salinity and Water Quality (NAP) / Natural Heritage Trust (NHT) 2003/04 Investment Strategy was approved, with total funding of $4.5million. This Investment Strategy is targeting facilitation, coordination and education programs in natural resource management, data gathering, on-ground incentives, property planning, cross border issues and indigenous sites.

As at 30 June 2004 the CMA had two Regional NRM Facilitators and 11 Community Support Officers that provide support to and engage the local communities and stakeholders in natural resource management. Under the NHT Interim Priority Projects the CMA received approval for funding of $2 million to undertake six projects. Under the NAP the CMA received approval for funding of $600,000 to undertake three priority projects.

CENTRAL WEST CATCHMENT MANAGEMENT AUTHORITY

After its establishment on 23 January 2004, the Central West CMA was managed by a community based Local Establishment Team (LET). Mr Tom Gavel was appointed as Chair on 10 March 2004 and worked with the LET on a range of establishment tasks for the CMA. The CMA Board was appointed on 5 May 2004 and held its first meeting on 11 May 2004. The LET ceased to function after this time. One Board position remained vacant as at 30 June 2004.

The early tasks of the Central West CMA Board included the development of an organisational structure and service delivery model, the review of a range of natural resource management plans in the central west catchment and a review of the three year investment strategy, including determining catchment priorities for more strategic investment.

Three Interim Priority Projects were instigated in 2003/2004: A pilot for Integrated Property Management Planning (joint project with Border Rivers CMA); Vegetation Mapping for Strategic Investment; and Salinity Recharge Identification and Investigations. In addition, DIPNR managed the Natural Resource Officer project on behalf of the CMA. A range of community based activities was undertaken in this project.

During 2003/04 the CMA initiated development of the Hawkesbury-Nepean CMA Catchment Action Plan and Investment Strategy. Final recommendations from the Hawkesbury-Nepean Catchment Management Board and Hawkesbury-Nepean River Management Forum were received by the Local Establishment Team for integration into the future Catchment Action Plan.

The CMA also coordinated development of applications for National Landcare Program and Regional Competitive Natural Heritage Trust (NHT) funding. Additional NHT funding was negotiated in response to community representations to manage a major Salvinia outbreak in the lower catchment. This program provided funding to NSW Agriculture to reopen the river channel using contract aquatic weed harvesters.

The CMA established its headquarters in Goulburn with support from DIPNR. Other establishment activities included the recruitment of a General Manager, the development of a provisional staff structure, and negotiations to transfer Catchment Protection Scheme, Landcare and other NHT funded project officers from DIPNR.

The CMA coordinated the following State funded projects, with DIPNR support:

- Warragamba Catchment Protection Scheme (on-ground works – jointly funded by the Sydney Catchment Authority)
- Hawkesbury-Nepean Soil Conservation Project
- Capertee Valley Soil Conservation Project
- South Creek Soil Conservation Project
- Hawkesbury-Nepean Riverbank Management Program

The CMA also coordinated the Local Government Advisory Group’s (LGAG) on-ground projects valued at $2.27 million and local government community partnerships valued at $284,000, supporting catchment blueprint objectives.

The Hunter-Central Rivers CMA replaces the Central Coast and Lower North Coast Catchment Management Boards and the Hunter Catchment Management Trust. Staff, assets and activities of the Hunter Trust - which was originally established by the State Government in 1950 - were transferred to the CMA on 23 January 2004, including those programs and projects funded by the Hunter catchment contribution.

The Hunter-Central Rivers CMA is governed by a Board of up to seven members including the Chair. Dr Wej Paradice was appointed Chair of the Hunter-Central Rivers CMA and with Local Establishment Team members - Neil Rose (formerly Chair of the Central Coast Catchment Management Board), Harold Sternbeck (former Chair of the Hunter Catchment Management Trust), John Radford (former Chair of the Lower North Coast Catchment Management Board), Daryl Bower, John Clark, Barbara Penson and Jane Smith - were responsible for guiding establishment of the CMA prior to appointment of the full Board.

Board members - John Asquith, Arthur Burns, Julia Imrie, Neil Rose and John Weate - were appointed in May 2004. They are actively involved in community, local government and industry activities and have a sound understanding of the environmental, social and economic issues facing our catchments. The Board sets the CMA’s direction for investing in improvement of our natural resources.

The main objectives of the CMA during 23 January- 30 June 2004 were to:
• Develop a 3-year rolling investment strategy that targets the areas of highest priority
• In partnership with DIPNR, implement new on-ground projects valued at more than $16 million
• Ensure continued delivery of projects commenced by the Hunter Catchment Management Trust

LACHLAN CATCHMENT MANAGEMENT AUTHORITY

This year saw the transition from the Lachlan Catchment Management Board to the Local Establishment Team and then finally to the Lachlan Catchment Management Authority.

The Board members during this establishment phase attended an induction briefing. The Board appointed a General Manager during this period, with the position starting on 1 June 2004. Prior to this appointment and during this establishment phase the Board was supported by staff and processes from DIPNR.

The Chair signed the Heads of Agreement contract with the NSW and Australian Governments in May 2004 which saw the commencement of the Regional Investment Strategy for the Natural Heritage Trust (NHT) and the National Action Plan for Salinity and Water Quality (NAP) funds.

During this period the Community Support Officer program was implemented by the Lachlan Macquarie Landcare Executive Committee as per an arrangement approved by the Lachlan Local Establishment Team and DIPNR. This program has been focused on building the capacity of the catchment community to participate in natural resource management.

The Local Establishment Team also received funds for a number of Interim Priority Projects that were managed by contract by DIPNR on behalf of the Lachlan CMA. These interim projects are establishing foundations upon which future decision making and investment will be made in the catchment.

This transition phase has been lengthy, however it has placed the Lachlan CMA in a strong position to succeed in the future.

</table>
A number of members of the former Lower Murray Darling Catchment Management Board (CMB) including the Chair Mark King were appointed to the Local Establishment Team (LET) during the transition to the formation of the Authority.

The Catchment Blueprint is based on over ten years of catchment management consultation and Regional Action Plans developed across the catchment. During the development of the Blueprint itself over 280 community consultations, meetings and workshops were undertaken, including key stakeholder groups, the three Traditional Tribal Groups (Barkindji, Mutthi Mutthi and Ngyiampaa), Local Government (Wentworth, Balranald, Central Darling and Broken Hill) and agencies (DIPNR administers the unincorporated area in the north west of the catchment).

The LET functioned for a short time prior to the announcement of Mark King as the Authority's Chair. Later, Authority Board Members were appointed - Patty Byrnes, Stan Dineen, Gary Doyle, Howard Jones and Leigh Watmuff - all but one of who had either served on the CMB and/or the LET. This allowed a seamless transition into the Authority providing continuity in the development of the LMD Investment Strategy. Four Interim Priority Projects were underway during this time, with projects funded under the 2003/04 Investment Strategy commencing in March 2004.

The CMA is undertaking a range natural resource management activities that will deliver the targets for Regional Outcomes - Community Values; Riverine Health; Salinity; and Vegetation - as outlined in the Lower Murray Darling Catchment Blueprint.

The Chairman, Kelvin Baxter, was appointed for a three-year term on 11 February 2004. Other Board members were appointed for an eighteen-month term on 5 May 2004.

The Local Establishment Team (LET) commenced operation in November 2003 and overlapped with the former Murray Catchment Management Board, and held their last meeting on 25 March 2004. Minutes from the LET meetings were handed over to the Murray CMA to communicate what the LET had addressed prior to the appointment of Board members.

The LET decided to use existing stakeholder networks for community and stakeholder engagement, and allow the CMA to undertake more extensive community engagement. The Chairman attended numerous stakeholder group meetings, and the Authority also conducted six community meetings in June to advise the community on its role to consult on the content of the 2004/05 to 2006/07 Investment Strategy, and the establishment of community advisory groups.

The Local Establishment Team (LET) held two meetings during the period from 23 January until the appointment of Board members in early May 2004. Activities included review of work plans and the activities of Community Support Officers, the Education Officer and the Indigenous Natural Resource Officer. The LET also reviewed Interim Natural Heritage Trust (NHT) projects and also engaged with the wider community with presentations on the role of the CMA.

The CMA held its first Board meeting on 18 May 2004. Subsequent meetings were held on 3-4 June and 21-22 June.

The CMA, as part of the community consultation process for the Catchment Action Plan and the Standards and Targets pilot, toured the catchment with Natural Resources Commission Directors and staff. Meetings with key stakeholders included Murrumbidgee Irrigation, Coleambally Irrigation Limited, Griffith Shire Council, Murrumbidgee Shire Council, Wagga City Council, Murrumbidgee Private Irrigators, Department of Primary Industries, Landcare Networks, Department of Environment and Conservation and State Water.

Board members were provided with induction material, declared interests and discussed the operation of the Board. The investment program for 2003/04 was reviewed on an individual project basis. A conflict of interest register was developed and implemented.

A community engagement strategy is being developed with some key components identified. The Board supported the continued employment of 12 Community Support Officers located strategically across the catchment at Cooma, Yass, Cootamundra, Harden, Junee, Henty, Wagga Wagga, Darlington Point and Hay.

A major co-investment program, Grain Graze was endorsed by the Board. The program is funded in partnership with Meat and Livestock Australia, the Grains Research and Development Corporation, Australian Wool Innovation and Land and Water Australia. Regional partners with the CMA are Farm Link, NSW Department of Primary Industries, CSIRO and Charles Sturt University.

The CMA has fostered the establishment of a Traditional Natural Resource and Cultural Heritage Reference Group and have drafted a Memorandum of Understanding. The reference group is made up of Indigenous Elders from the Mutthi Mutthi, Nari Nari, Wiradjuri, and Ngunawal Nations.

The New South Wales Government announced its natural resource reform agenda midway through 2003. The Namoi Local Establishment Team (LET) was set up to facilitate the establishment of an operational CMA.

The role of the LET was to:
- Lay the foundation for the CMA to become operational
- Communicate with key stakeholders to identify the CMA role
- Commence the integration of catchment blueprints and Regional Vegetation Management Plans to identify priority actions
- Liaise with the Regional Vegetation Committee, Water Management Committee and Local Government etc.

The LET held four meetings in the period October 2003 to February 2004. Subsequently Jim McDonald was appointed Chair of the Namoi CMA and this was shortly followed by the appointment of four Board members.

The LET successfully lodged the 2003/04 Investment Strategy for the National Action Plan for Salinity and Water Quality (NAP) / Natural Heritage Trust (NHT) for a total value of $4.854 million. Implementation of this Investment Strategy was deferred until such time as the CMA had staff to administer the projects (post June 2004). However, a number of projects under the Interim Priority Project program were commenced during this time. These projects, along with the NAP support funding for the employment of Community Support Officers, were managed and administered by the DIPNR staff from the Tamworth office.

NORTHERN RIVERS CATCHMENT MANAGEMENT AUTHORITY

The Board Chair, Judy Henderson, was appointed on 11 February 2004, and Board members were appointed on 5 May 2004. The General Manager was appointed on 30 June 2004. The Local Establishment Team formally handed over to the CMA on the 16 March 2004.

During this period the CMA undertook various community and stakeholder engagement programs. The Chair and General Manager met with peak natural resource management groups such as North Coast Local Governments and State agencies (including the Department of Primary Industries, the Department of Environment and Conservation, and the Premier’s Department’s Regional Coordination Unit).

Community Support Officer activities were managed by DIPNR on behalf of the CMA. Activities included project evaluation, assessment of small grant applications, field days and educational workshops in which the CMA was recognised as a key partner.

A CMA web site was established. A Blueprint Action Integration Plan was completed. This is a communication document, which uses the amalgamated actions from the three North Coast Catchment Blueprints to identify the range of activities to be undertaken by the CMA.

</table>
Southern Rivers Local Establishment Team (LET) met formally five times during the period of their stewardship between the closing phases of the Southern and South East Catchment Management Boards (CMBs) and the commencement of the Southern Rivers Catchment Management Authority.

During this time the LET worked with the support staff to produce comprehensive handover documentation regarding the work and corporate knowledge of the Catchment Management Boards. A Regional Competitive Bid for funding under the Natural Heritage Trust (NHT) was prepared and submitted on 30 November 2003 for an integrated coastal program. The LET continued managing the Interim Priority Projects and 2003/04 Investment Strategy and preparatory work for the draft 3-Year Investment Strategy.

A series of communications with stakeholders was undertaken regarding changes to natural resource management. This included meetings with all District Landcare Associations and South East Landcare, the Australian Government NRM Teams, Local Governments in the area (independently) and also through the regional Local Government body, the Southern Councils Group. Printed information was also distributed, with an alert to interested parties regarding the availability of information on DIPNR and CMB websites.

An integrated National Landcare Program (NLP) bid was agreed between South East Landcare (and their constituent members) and the LET, with $460,000 being achieved for the region. Management of the eight Community Support Officers and continuation of their funding during the transition period was negotiated and agreed between the community, the LET, and the Australian and NSW Governments.

During consultation the community expressed a high level of support for the Community Support Officers and that they should have a greater security of tenure. These Officers provide practical support to over 200 community, Aboriginal and industry groups. Their work in providing a strategic focus to District Landcare Associations; attracting additional funding for groups ($500,000 from Enviroland and $460,000 from NLP); coordinating and overseeing implementation of on-ground, on-farm conservation works; and providing best practice training and advice to groups and landholders is vital to the CMA’s success.

Change over between the LET and the CMA occurred on 5 May 2004. The first meeting of the CMA Board took place on 31 May 2004. The Board received a full briefing on the operations and decisions of the LET. They then considered the initial draft $16.1 million 2004/07 NHT Investment Strategy and the draft staff structure for the CMA.

The Sydney Metropolitan Catchment Management Authority operated as an interim Local Establishment Team (LET) up to 30 June 2004. This was under the *Catchment Management Authorities (Savings and Transitions) Regulation 2004*. The LET anticipates that the CMA will be formally established with a Chair, Board and staff during 2004/05. Until this time, DIPNR continues to provide administrative and technical support to the LET.

The State and Commonwealth Governments advised that the former Sydney Catchment Management Boards’ Catchment Blueprints and Appendices had been accredited under the Natural Heritage Trust (NHT). This allowed the Blueprints to form the basis for investment with funding from the NHT, National Landcare Program and other public and private sources.

The LET developed new natural resource management funding programs, undertook preliminary work for the proposed Catchment Action Plan and considered structural and scoping options for the CMA. It managed projects valued at over $1.065 million. These included Interim Priority Projects and the Community Support Program. The LET undertook extensive engagement with local government, non government organisations, agencies and research institutions to develop a framework for future shared natural resource investment in the Sydney Metropolitan Area.

The Community Support Program was structured to build on the former Boards’ natural resource management Care programs. This will result in an integrated Community Support Strategy that will help community, local government, business, state agencies and the CMA to work better together. Staff will specialise in the program themes of community, local government, indigenous and advocacy issues.

The Western Local Establishment Team (LET) was appointed in October 2003 with Jenny McLellan as coordinator and Bob Walters, Virginia Angel, Anthony Pease and Ian Cole as members. Given the considerable distances in the Far West, the LET only met face to face once and conducted most business by remote means. The LET saw themselves as caretakers rather than promoting reforms in the absence of a full Board. Accordingly the LET concentrated on tasks consistent with establishing the CMA and managing current projects.

Rory Treweeke was appointed Chair of the Western CMA on 11th February 2004. Further Board members were announced on 5th May 2004. Hand-over issues were minimal.

During the LET/CMA start up phase the key projects were Community Service delivery, NRM Facilitation and a National Action Plan For Salinity and Water Quality (NAP) priority project on Riparian Management. Interim Priority Projects under the Natural Heritage Trust (NHT) on locating saline inflow to Barwon-Darling River and pest weed and animal projects also commenced during this period. These were managed and administered by DIPNR, given the lack of a management support and structure within the CMA.

Funds Granted

Hunter-Central Rivers CMA was the only CMA to grant funds to non-government organisations between 23 January and 30 June 2004.

**HUNTER-CENTRAL RIVERS CATCHMENT MANAGEMENT AUTHORITY**

During the reporting period the Hunter-Central Rivers CMA granted funds to the total of $184,505.31 to non-government organisations, community groups and individuals. These funds were delivered through the following four schemes/projects:

- Interim Priority Project - Rivercare Devolved Grant Round One - NHT Funds - $28,356.00
- Interim Priority Project - Rivercare Devolved Grant Round Two - NHT Funds - $30,249.50
- Interim Priority Project - Salinity Devolved Grant Round One - NHT Funds - $36,971.20
- Hunter Catchment Contribution Scheme - $88,928.61

Appendix 2: NSW Government Action Plan for Women

The NSW Government is strongly committed to a whole of government approach to the principles of equity, access, rights and participation for women. The government continues to build on achievements to remove obstacles to women’s full participation in society. This recognises that in some areas of social, political and economic life, women have different experiences and needs for men. The NSW Government Action Plan provides a mechanism for leadership and management of coordinated strategies across government agencies.

The Catchment Management Authorities are committed to the aims and objectives of the NSW Government Action Plan for Women.

Table 19: The number of women on NSW CMA Boards (excluding Sydney Metropolitan LET) as at 30 June 2004:

Appendix 3: Personnel Policies and Practices

As the Department of Infrastructure Planning and Natural Resources (DIPNR) is the host employer for the CMAs, DIPNR’s personnel policies and practices extend in coverage to all CMAs. These policies and practices include:

- Industrial relations
- Equal Employment Opportunity
- Disability Plans
- Ethnic Affairs Priorities Statements
- Occupational Health and Safety.

Appendix 4: Risk Management and Insurance Activities

Effective risk management is a core management requirement. Risk management is considered at all levels of CMA operations in the normal course of all activities.
DIPNR provided cover to the CMAs during the reporting period. This involved CMAs participating in the NSW Treasury Managed Funds (TMF) self-insurance scheme that provides workers compensation, legal liability, motor vehicles, property and miscellaneous cover. One of the conditions of this insurance coverage is a requirement to place a high priority on the implementation of sound risk management practices.

### Appendix 5: Performance and Remuneration of Executive Officers

It is a requirement of legislation that the performance and remuneration of the CMA General Managers are reported. As at the 30 June 2005 General Managers were appointed to five CMAs as outlined below:

**Hawkesbury-Nepean Catchment Management Authority**
Name: Bernard Bugden  
Position: General Manager  
Date appointed: 18/05/2004  
Remuneration package: $111,797 pa  
Performance review: Not undertaken as at 30 June 2004

**Lachlan Catchment Management Authority**
Name: Chris Glennon  
Position: General Manager  
Date appointed: 07/06/2004  
Remuneration package: $120,464 pa  
Performance review: Not undertaken as at 30 June 2004

**Murrumbidgee Catchment Management Authority**
Name: John Searson  
Position: General Manager  
Date appointed: 11/05/2004  
Remuneration package: $120,464 pa  
Performance review: Not undertaken as at 30 June 2004

**Northern Rivers Catchment Management Authority**
Name: Michael Pitt  
Position: General Manager  
Date appointed: 30/06/2004  
Remuneration package: $120,464 pa  
Performance review: Not undertaken as at 30 June 2004

**Western Catchment Management Authority**
Name: Daryl Green  
Position: General Manager  
Date appointed: 07/06/2004  
Remuneration package: $120,464 pa  
Performance review: Not undertaken as at 30 June 2004
